

ULTAGE® Premium SAFD Bearing Units

Features and benefits

1. Premium ductile iron housing to withstand high impact and extreme low temperature range
2. Serialized cap and base eliminate risk of mismatching components during installation, ensuring superior fit
3. Lubrication access points - plumb virtually any grease or oil system into the housing without costly modifications
4. Integrated flat spots for vibration and temperature monitoring
5. Grade 8 bolts provide superior strength to keep the cap and base secure
6. Exact machined ISO G7 tolerances with wide bearing seat to accommodate 22200 and 23200 series bearing inserts offers greater flexibility
7. Hardened steel ball allowing for quick and easy removal of the cap during inspections and general maintenance
8. Unique X-support reinforced housing design delivers ultimate strength in the most demanding applications

NTN ULTAGE® SAFD ductile iron pillow block housings have been designed to provide superior performance in a variety of demanding applications.

Beyond Bearings

Training. Installation Support.
Trouble-shooting. And more.

When you choose NTN, your team is equipped with all the necessary tools and resources to get the job done right. From installation to problem-solving, we'll be there with the hands-on support you need to take on your toughest challenges. This includes extra services such as:

Technical Training Unit

On-site, mobile training unit offering specialized, hands-on instruction from NTN engineers

Product Training School

Three days of in-depth instruction from NTN engineers at NTN headquarters
(go.ntnamerica.com/trainingschool)

eKnowledge

WEB-BASED TRAINING PROGRAM

Six online product training modules covering different bearing types and nomenclature
(www.ntnamerica.com/eknowledge)

NTN Bearing Finder

Customizable search tool featuring exhaustive data sets, comprehensive part interchanges and interactive CAD drawings
(bearingfinder.ntnamerica.com)
