

NTN®

See more  
green from  
your grind.

# Leave money-draining downtime in the dust.

NTN precision-engineered bearings are proven to be pellet industry durable and dependable. Plus they're readily available in a wide variety of fittings and come with hands-on support from experienced field engineers, all working to help you boost production like never before.

## NTN Tapered Roller Bearings

Specifically engineered for pellet mill press rolls, with case-carburized components for impact and surge loading, plus features that reduce edge stress and fatigue

# Roll with someone you can rely on.

With your press rolls subjected to intense pressure — and the costly downtime you face when one needs adjusting or repairing — quality bearings make the difference between turning a profit or losing a fortune. That's why NTN bearings are designed to withstand the most extreme forces your machines can muster. It's also why the world's leading mills trust us for their most challenging applications.

The NTN ULTAGE® line **increases service life up to 75%** while lowering overall operating costs, saving you time and money.

## When the pressure's on, count on us.

Day in and day out, your bearings are under extreme pressure—almost as extreme as the pressure you're under to hit your production goals. NTN takes the load off with quick access to products through your local distributor, and experienced engineers who work on-site to assist with product selection and installation training. Whatever it takes to keep you from having to deal with unplanned downtime.

### NTN ULTAGE® SAF Split Housing Mounted Roller Bearing

Designed for superior performance. Rugged cast and ductile iron housing options with the industry leading ULTAGE® spherical roller bearing insert are ideal for hammermill vibration and high speeds.

# Beyond Bearings

Training. Installation Support.  
Troubleshooting. And more.

When you choose NTN, your team is equipped with all the necessary tools and resources to get the job done right. From installation to problem solving, we'll be there with the hands-on support you need to take on your toughest challenges. This includes extra services such as:

## Technical Training Unit

On-site, mobile training unit offering specialized, hands-on instruction from NTN engineers

## Product Training School

Three days of in-depth instruction from NTN engineers at NTN headquarters  
([go.ntnamerica.com/trainingschool](http://go.ntnamerica.com/trainingschool))

## eKnowledge

WEB-BASED TRAINING PROGRAM

Six online product training modules covering different bearing types and nomenclature  
([www.ntnamerica.com/eknowledge](http://www.ntnamerica.com/eknowledge))

## NTN Bearing Finder

Customizable search tool featuring exhaustive data sets, comprehensive part interchanges and interactive CAD drawings  
([bearingfinder.ntnamerica.com](http://bearingfinder.ntnamerica.com))

## Let's hammer out a solution together.

For all your on-site service and support needs with proper product selection, installation training and troubleshooting/problem solving, contact your local NTN Sales Representative or call **1-800-323-2358**.
