

SNC Plummer Blocks

Features and benefits

1. Alignment markings for quick and easy alignment on the mounting surface
2. Serialized cap and base eliminate risk of mismatching components during installation
3. Integrated flat spots for vibration and temperature monitoring
4. Two threaded lubrication holes on all housings for mounting NTN single point lubricators
5. Drain edge prevents the penetration of moisture at the split line of the upper and lower sections
6. Marking for alternative mounting holes when cast in mounted holes cannot be used
7. Grease drain hole found on all SNC housings for easy relief of excess grease or general maintenance
8. Cast iron housing to withstand the most demanding applications

Beyond Bearings

Training. Installation Support.
Trouble-shooting. And more.

When you choose NTN, your team is equipped with all the necessary tools and resources to get the job done right. From installation to problem-solving, we'll be there with the hands-on support you need to take on your toughest challenges. This includes extra services such as:

Technical Training Unit

On-site, mobile training unit offering specialized, hands-on instruction from NTN engineers

Product Training School

Three days of in-depth instruction from NTN engineers at NTN headquarters
(go.ntnamerica.com/trainingschool)

eKnowledge

WEB-BASED TRAINING PROGRAM

Six online product training modules covering different bearing types and nomenclature
(www.ntnamerica.com/eknowledge)

NTN Bearing Finder

Customizable search tool featuring exhaustive data sets, comprehensive part interchanges and interactive CAD drawings
(bearingfinder.ntnamerica.com)
